

Lanark Highlands Request for No Spraying Due to Extenuating Circumstances

Contact Information of the Landowner/Occupant of Land

Name(s): _____
Mailing Address: _____
Phone: _____ Alternate Phone _____
Email: _____

Property Location:

Road Name: _____

PIN: _____ Road Section ID: _____
Specifics: _____

No Spray Options Available

OPTION 1 – Adopt-A-Road Program

A Program where a group of 3 or more participants “adopt” a section of Township Road and undertake various vegetation control activities.

OPTION 2 – No Spray Agreement

An Agreement between the Township and a Landowner/Occupant, where the Landowner/Occupant takes alternative vegetation control actions to manage noxious weeds within the road allowance adjacent to their lands, and therefore, the Township does not include that section of the road allowance in the Roadside Spraying Program.

I confirm that the above two options were provided to me and further confirm **neither option is something I can complete or agree to conduct** and therefore request the road allowance adjacent to my property not be included in the Roadside Spraying Program **due to extenuating circumstances**.

I understand that my application for “Request for No Spraying Due to Extenuating Circumstances” is subject to approval by the Manager of Public Works and prior to approval, I may be contacted by the Manager of Public Works to discuss the request.

Landowner/Occupant Date

No spray requests are not guaranteed until the review process has been completed and approval granted by the Manager of Public Works.

.....
Request for No Spraying due to Extenuating Circumstances is

[] APPROVED [] DENIED

Kathryn Maton, Manager of Public Works Date
