RE: Liquid, Flake and Pellet Calcium Chloride Price Increase

Effectively immediately, or as terms permit for contract customers, OxyChem is increasing its schedule and off-schedule prices (U.S. Funds) for all grades of Liquid Calcium Chloride by \$15.00 per dry ton and all grades of Flake and Pellet Calcium Chloride by \$30.00 per ton.

Updated price supplements will be provided shortly.

We appreciate the confidence you have placed in OxyChem as your supplier of Calcium Chloride. Should you have any questions, please do not hesitate to contact your OxyChem Account Manager.

Sincerely,

Bryan Blevins
Business Manager – Calcium Chloride
